Circus Trailer Makes Mess of 'Bottleneck Bridge' near New Holland

Inventor Gets Secret Trial

Suit Against U.S. Asks Compensation
NEW YORK (AP)—The inventor of a top-secret device has won the right to trial behind closed doors of his suit against the government for compensation.
The decision was handed down Tuesday by the U.S. Court of Appeals.
Dr. Otto Halpern, a Vienna-born physicist, had been unable to come to terms with the government for a device he invented in 1941.
So secret is the device that its only description disclosed by the Navy is that it "deals with a manner and means whereby an object may escape observation and detection by radar."
Last September Halpern filed suit for "hundreds of thousands of dollars" against the government for use of the device.
Halpern's lawyers said he was offered less than \$50,000 for outright acquisition of the device. The offer was rejected.
In rejecting the suit a federal judge cited the Invention Secrecy Act of 1951, which provides that no patent can be given for secret military devices until potential enemies of the United States have the secret.
Judge David N. Edelstein contended the Secrecy Act precluded any action until declassification of the invention.
In Tuesday's precedent-setting decision, the appeals court ruled Halpern's suit might be tried in camera (in private) before a single judge "if in the judgment of the District Court such a trial can be carried out without substantial risk that secret information will be publicly divulged."
Halpern was denied a patent in 1945 on the grounds one would make his secret public.

Circus Truck Wrecks Narrow Rt. 22 Span

A brake-deficient circus truck smashed into the narrow Route 22 bridge, a mile west of New Holland, Wednesday morning, perhaps permanently closing the span and sending three circus employees to Memorial Hospital for treatment of minor injuries.
The bridge crackup, which involved another automobile, topped off a rash of accidents which killed five hogs, resulted in additional property damage and deprived circus elephants of their hay.
Johnnie S. Jones, 54, Hamlet, N. C. driver of a 1 1/2-ton truck-trailer assembly owned by the Kelley and Morris Circus, headquartered in York, Ala., told Sheriff Orland Hays he came over the slight hill at the west approach to the bridge about 6:15 and applied his foot brake when he saw an automobile stopped at the edge of the span waiting for westbound traffic.
Brakes on the truck did not work and the assembly plowed into the car, driven by Mrs. Norman Ashbaugh, 30, of 1327 Grace St., then into the bridge.
JONES suffered minor arm and leg bruises, and his two companions, George Wevenberg, Hartford Springs, Mich., and Kenneth Hartzog, Lima, were shaken up.
Mrs. Ashbaugh was not hurt at all.
COLUMBUS, Ohio (AP)—The office of Secretary of State Ted W. Brown and county election boards today began the task of checking the validity of nearly 464,000 signatures. They were submitted Tuesday on petitions calling for an Ohio vote on a proposed constitutional amendment to ban union shops.
Caldwell, Ohio (AP)—Capture of two Noble County jail escapees in Brunswick, Ga., was reported today by Sheriff Robert Conway.
WASHINGTON (AP)—Opponents of increased foreign aid spending all but conceded victory today to Senate leaders fighting to restore most of the funds cut by the House from a foreign aid money bill.

Favorites Win Primary Polls

No Upsets Recorded As 4 States Ballot
By THE ASSOCIATED PRESS
Two Democratic presidential prospects—Gov. G. Mennen Williams of Michigan and Sen. Stuart Symington of Missouri—did as expected Tuesday and scored easy victories in their state primaries.
The twin triumphs highlighted primary contests in four states. There were no major upsets. The advance favorites generally prevailed in balloting that took place in Kansas and West Virginia as well as Michigan and Missouri.
The 47-year-old Williams beat back his first intraparty challenge in 10 years to win the Democratic nomination for a sixth trip to the governor's mansion. He quickly rolled to a 6-1 margin over William L. Johnson, a radio broadcaster from Ironwood, and held it as the vote total mounted.
Williams' Republican opponent in November will be Paul D. Bagwell, 44, a Michigan State University professor who was unopposed for his party's nomination.
Sen. Charles E. Potter gained GOP renomination without opposition too. He faces the prospect of a general election race with Lt. Gov. Philip A. Hart, a Williams running mate who captured the Democratic senatorial nomination. Hart easily turned back a rebel challenge in the primary from Homer Martin, a former United Auto Workers official.
It was strictly no contest in Missouri where Symington, 57, jumped to a runaway lead and buried opponents Lawrence L. Hastings and Lamar W. Dye. Symington, former secretary of the Air Force, gained a second-term nomination by polling more than 300,000 votes. Hastings and Dye had fewer than 40,000.
Symington's November foe will be Miss Hazel Palmer, retiring president of the National Assn. of Business and Professional Women. Miss Palmer, 54-year-old Sedalia attorney, defeated three male opponents to win the GOP nomination.
Former Rep. Jennings Randolph, 56, and Rep. Robert C. Byrd, 40, won Democratic senatorial primaries in West Virginia. Randolph bested former Gov. William C. Marland and two others to win the right to seek the remaining two years of the late Sen. Matthew Neely's term. He will face Sen. John D. Hobbitt Jr., who was unopposed for the Republican nomination.

IKE MAY SKIP U.N.

Compromise Farm Bill Being Pushed

WASHINGTON (AP)—Disorganized House farm forces rallied for an effort to ram a compromise farm bill through the House today.
It would permit cutting price support levels on cotton, corn and rice but allow planting of more cotton and make changes in programs for the others.
The bill was scheduled for a showdown vote postponed from Monday, when it came to the floor under take-it-or-leave-it procedure requiring a two-thirds vote for passage.
If that fails the bill could be brought up later under more liberal voting procedure, but House leaders have said that is unlikely. They urged passage of the bill so a Senate-House conference can work out final terms.
Although the bill goes far in the direction of lower price supports demanded by Secretary of Agriculture Benson, final action was put over from Monday because of administration Republican opposition.
They have been driving for a vote on provisions of the Senate-passed bill, which Benson has endorsed.
Also lined up against the House bill were Midwestern dairy state members disgruntled because no milk changes are provided, city members suspicious of all farm legislation, and diehard foes of any reduction in government price supports.
The Senate bill would lower price support floors to levels favored by Benson. It also would abandon the old parity concept of calculating support levels in favor of a new method based on average market prices.
Parity is a standard, based on 1909-14 farm prices, designed to give the farmer a fair price for his commodities in relation to the cost of things he must buy.
The House bill stuck with the parity system, and rejected the market price theory of the Senate bill. But it also would provide for a gradual reduction in price supports and increased planting allowances for cotton, corn and rice in line with Benson's policy of less government in agriculture.

Dollar Days Coming Up

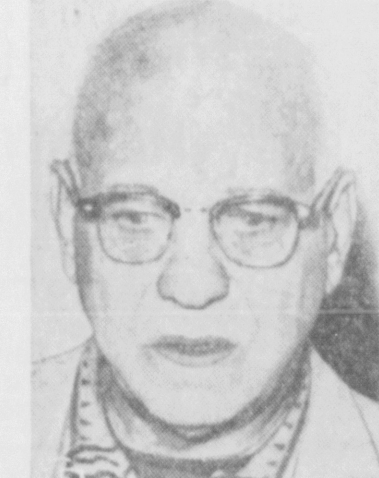

Friday and Saturday will be observed as semi-annual "Double Dollar Days" in most Washington C. H. stores.
Participating merchants have carefully selected merchandise for the major sales event, and, without ballyhoo or gimmicks, will be ready to prove to shoppers the budgetary wisdom of buying at home.
The Retail Merchants Committee, which is sponsoring the two-day parade of values, points out that marked-down prices wide selections and the convenience of shopping in familiar surroundings account for the popularity of "Dollar Days."
You'll find scores of interesting sales messages in today's edition of The Record-Herald. Study the ads, and you'll see what the sponsors mean!

East-West Debate In U.N. Assured

WASHINGTON (AP)—Agreement by President Eisenhower to a proposal from Soviet Premier Khrushchev today assured a prompt showdown debate in the U.N. General Assembly over the Middle East crisis.
Officials were privately pleased that the fight between the Soviet Union and the Western powers will come in the Assembly rather than at a summit conference. Secretary of State Dulles among others was known to fear that a Mideast summit meeting would very likely do more harm than good.
Khrushchev himself could head the Soviet delegation to the emergency Assembly session if he chose. Some officials speculated that he might do so, but most thought he would not. They interpreted a letter he sent Eisenhower Tuesday as backing completely away from the whole summit conference idea at this time.
His bewildering switch in policy, the latest in a series of twists and turns over the past three weeks, had officials guessing. Most said that he probably had finally rejected Western proposals for a summit meeting in the 11-nation U.N. Security Council on the insistence of Communist China. He conferred in Peking last week with Mao Tse-tung and other Red Chinese leaders.
In a 10-page letter to Eisenhower, Khrushchev denounced the Security Council as an instrument of the United States, asserted that Red China should be brought into the U.N. and told Eisenhower that Khrushchev was instructing his ambassador in New York to ask at once for an extraordinary meeting of the General Assembly.
The President gave his reply in a statement Tuesday night, saying that "the General Assembly is completely acceptable" to him. Eisenhower added that he was instructing Ambassador Henry Cabot Lodge to seek Security Council action at once on a United States resolution to put the immediate Middle East problems before the General Assembly.
In New York, the Council was called to meet Thursday afternoon. U.N. sources expressed confidence the Council would act during the day, which under U.N. rules would clear the way for an Assembly meeting starting Friday.
While Eisenhower and Khrushchev agreed on the forum, they disagreed completely on precisely what it should take up. The President (Please Turn to Page Two)

President Says U. S. To Ask Full Discussion

WASHINGTON (AP)—President Eisenhower said today he has no plans to attend the proposed special session of the United Nations General Assembly.
But the President said the United States wants to discuss the whole sweep of Middle East problems since, he said, it would not be practical to restrict debate to just the problems of Lebanon.
There has been speculation on the part of some officials here that Soviet Premier Khrushchev—having turned down a Security Council summit session—might suddenly decide to attend the General Assembly meeting which he proposed in a letter to Eisenhower Tuesday. Most informed officials, however, think Khrushchev actually has no intention of coming.
Eisenhower told a news conference that he has no plan at the moment to go to New York for the General Assembly meeting. He also said that he knows of no general intention on the part of other heads of government to go there.
But he reminded reporters that each of the 81 national delegations can be headed by the head of government and he said positively that if he finds it necessary or desirable he will participate.
Eisenhower's treatment of the matter had the appearance of a deliberate hint at a possible personal role in the U. N. discussions.
Behind this, it was learned, was White House consideration of the idea of having the President make an opening statement of the reasons for past U. S. action in the Middle East crisis and the prospects for this country's future policies.
Though officials did not suggest the possibility as a part of any presidential design, it was evident that if Eisenhower and Khrushchev as well as British Prime Minister Macmillan and other leaders all showed up at U. N. headquarters there would be at least the makings of a summit conference.
Eisenhower told a questioner that he does not agree that Khrushchev's letter Tuesday turning down a U. N. Security Council summit meeting and dropping Khrushchev's proposal for a special five-power session on the Mideast had removed all possibility of a conference at the summit.
Eisenhower said the United States' purpose in any U. N. debate on the Middle East will be first to show that this country has acted within the U. N. Charter and second to concentrate on constructive measures to help the people of the area.
He said he has no faith in negative measures, and troops will not win the peace.
Asked whether the United States accepts Russia as a power in the Middle East and whether it would be prepared to join in economic development programs and border guarantees with the Soviet Union, Eisenhower said this nation ought to act through the U. N. in the matter.
Apparently referring primarily to economic measures, he said the United States would be prepared to go along with any discussion of the kind and he hoped the Soviet Union would do the same.
It was Eisenhower's first news conference since July 2—almost two weeks before U. S. troops moved into Lebanon, and most of the questions concerned the Mideast crisis.
Among specific matters he touched on:
TROOPS—Asked when and under what conditions the United States would pull its 15,000 troops out of Lebanon, Eisenhower replied withdrawal will come whenever the Lebanese government says it feels the situation is in hand, and there no longer is threat of indirect aggression.
SUMMIT—As to the possibility of an eventual summit conference, Eisenhower said you can't rule out all possibility of one because of the Soviet rejection of such a (Please Turn to Page Two)

HERMAN KIERDORF Sought by Police

Father-To-Be Slightly Excited

TULSA, Okla. (AP)—Driving hurriedly to the hospital with police escort, William F. Clark made a belated discovery today.
He had forgotten to bring along his expectant wife.
Back went the husband and officer to the Clark home, then with the expectant mother back along the hospital route.
Mrs. Clark is doing fine at the hospital, still expecting.

News Briefs

CAIRO (AP)—Robert Murphy, President Eisenhower's special envoy to the Middle East, today began talks with officials of the United Arab Republic.
COLUMBUS, Ohio (AP)—The office of Secretary of State Ted W. Brown and county election boards today began the task of checking the validity of nearly 464,000 signatures. They were submitted Tuesday on petitions calling for an Ohio vote on a proposed constitutional amendment to ban union shops.
Caldwell, Ohio (AP)—Capture of two Noble County jail escapees in Brunswick, Ga., was reported today by Sheriff Robert Conway.
WASHINGTON (AP)—Opponents of increased foreign aid spending all but conceded victory today to Senate leaders fighting to restore most of the funds cut by the House from a foreign aid money bill.

Hope Said Fading For Arrest in Case of Slasher

COLUMBUS, Ohio (AP)—Hopes faded today for a quick end to the search for the abductor who sexually maimed a 7-year-old Columbus boy. A top suspect was released by police after questioning.
Detective Sid Hoyt said a 20-year-old Columbus youth, arrested earlier today in connection with the case, was released without charge after police checked out his story that he was with friends in Portsmouth, 89 miles away, when the attack occurred last Sunday.
But Hoyt said police still have a few leads in the search for the abductor. He declined to say what the leads are.
The young victim was reported on good condition in a hospital where doctors said he is expected to recover completely.

Pantless Pants Thief Confesses Cleaning Cleaner

Clad in a pair of borrowed trousers, Amos McCoy, 26, Putsky, Tenn., has admitted breaking into Bob's Cleaners, CCC Highway, Sunday morning and taking 10 pairs of trousers and one suede jacket.
Held in jail since Sunday for investigation, McCoy confessed Tuesday afternoon. After his arrest by police Sunday, his trousers were sent to the Bureau of Criminal Identification and Investigation lab in London (with his consent) for checking.
The 10 pairs of trousers he took from the cleaners were recovered by police. So McCoy was without pants until a jailmate loaned him a pair.
McCoy admitted the break in and entering after several witnesses identified him as having been in Washington C. H. while he said he was in Circleville, sheriff's deputies said. He had been employed as a painter in the latter city.
Charges will be filed against McCoy for breaking and entering in the night season. He faces a possible 1-15 year sentence.

Mower Kills Girl, 12

KENTON (AP)—Twelve-year-old Sandra Lynn Coeder of Toledo was killed Tuesday when she fell off a tractor and into the path of a grass mower at the farm of relatives near here.

Human Torch Story Starts To Fall Apart, Police Say

PONTIAC, Mich. (AP)—The sketchy story that Teamsters Business Agent Frank Kierdorf gave after he stumbled into a hospital, burned almost from head to foot, began falling apart today.
At the same time, police had a warrant for the arrest of Kierdorf's uncle, Herman Kierdorf, either a vengeance-bent hunter or the fear-shaken prey of an anonymous telephone threat.
Herman, a former Teamsters business agent, disappeared after swearing he would get even with the people who his nephew said set him afire and left him, pain wracked and nearly naked, on a hospital lawn.
While the 56-year-old Frank clung to a thin strand of life in a police-guarded hospital room, Prosecutor Frederick Ziem said: "The man had prior medication before he ever came to the hospital. Furthermore, there is no evidence to back up his statement that he rolled in the grass to put out the flames."
Ziem based his conclusions on the word of a pathologist, Dr. Richard E. Olsen, who said he found traces of a salve on Kierdorf's neck and face that was not administered at the hospital.
The new loopholes in Frank's story only piled higher the multitude of unanswered questions.
Both Frank and his uncle Herman are ex-convicts with Teamsters Union connections. Frank is (Please Turn to Page Twenty)

## Rt. 62 Board Meets Tonight

Blue Rock Bid Low For 6.6-Mile Project

The four directors of the new Route 62 Assn. planned to attend the association board meeting at Ripley Tuesday night.

Richard Willis Sr., the president; John Allis, secretary, and directors, Tom Mark and Robert Mace planned to leave here early in the afternoon in order to get to Ripley in time to talk with some of the people there before going to the dinner, which will precede the business meeting.

The Route 62 Assn. was formed less than two months ago to press for improvement of the highway which stretches from Niagara Falls, N. Y., to El Paso, Tex., one of the longest routes in the federal highway system.

It was brought out at the previous meetings that the primary objective of the association is to focus attention of state and federal highway brass on Route 62.

The hope was expressed that the improvement of the route will include both widening and straightening of the sharp curves.

ENGINEERS of division 6 and division 9 of the Ohio Highway Department both suggested at board meetings that the association should recommend certain sections of the highway for "priority" consideration by the state and federal highway departments.

One major improvement already is a part of the development program set up by highway engineers; it is the straightening of sharp curves north of Leesburg and a by-pass around the village. However, the details have not been worked out yet, the division engineers said.

Topping the agenda for the board meeting Tuesday night at Ripley and consideration of membership and consideration of memberships in the association.

These memberships, one of the directors here explained, are designed to raise some money for miscellaneous expenses. He indicated that two types of memberships will be considered—a regular voting membership and an associate membership, which will have no voting power.

In addition to the four officers, there are 14 directors, two each from Columbus, Mt. Sterling, Washington C. H., Leesburg, Hillsboro, Russellville and Piketon. The president and secretary, Willis and Allis, are from Washington C. H. and the vice president and treasurer, Robert S. Lammers and Harold Powell, are from Hillsboro.

IMPROVEMENT of a 6.6-mile section of the highway was brought nearer to realization Tuesday when the Blue Rock Paving Corp. submitted the low bid of \$43,680.60 for the project which extends north from the Hillsboro corporation line. The state estimate was \$50,200.

Specifications call for a 20-foot pavement of asphaltic concrete on a 35-foot roadway.

Bids also were opened on resurfacing of 9.64-miles of U. S. 35 extending from Frankfort to Chillicothe, with 20 feet of asphaltic concrete on a 35-foot roadway.

Brewer & Brewer Sons, Inc., of Chillicothe, submitted the apparent low bid of \$97,234.

The state estimate was \$89,700. A department official said it is likely that all bids will be rejected as too high and the project re-advertised.

Completion date of the Rt. 62 improvement is expected to be set as Oct. 31.

## President Says

(Continued from page One)

meeting in the U.N. Security Council.

INTEGRATION—Eisenhower said he has no special plans for trying to head off any new school integration crisis this fall. He said there must be every effort at state and local levels to deal peacefully with the situation.

The President added he has no way of knowing whether some new crisis may arise in September. He said if he could think of anything to do in advance which he thought would be effective, he certainly would do it.

Eisenhower said today American business is going to have to curb price increases or consumers are going to rebel.

The President coupled this remark at a news conference with an equally emphatic declaration that labor, too, must use restraint about wage increases.

Eisenhower gave his views when asked if, in the light of recent steel price increases, his administration has any plan to combat inflation.

He did not answer the question directly but said no one should be more concerned about inflation than the working man whose income, he said, steadily lags behind rising costs of living.

Eisenhower said both labor and business must use restraint if this country is to let along without artificial controls.

He said if prices continue to rise the time will come when the American consumer will rebel in a big way and the result will be something the country does not want.

The population of the USSR (Union of Soviet Socialist Republics) is about 193 million.

## Deaths, Funerals

MRS. MINNIE E. LOCKLEAR—Services for Mrs. Minnie E. Locklear, 432 Delaware St., who died Saturday in Memorial Hospital, were held in the Second Baptist Church on Columbus Ave. at 2 p. m. Tuesday.

The Rev. Clinton Powell, the pastor, officiated. He was assisted by the Rev. J. A. Woodfork of Bloomington.

The choir sang "Take My Hand Precious Lord," "Rest for the Weary" and "Stand by Me."

The obituary and condolences were read by Mrs. Elsie Crosswhite.

Pallbearers for the burial in the Washington C. H. Cemetery were Lorin Locklear, Carl Hargrave, John Poole, William Brandon, Robert Dixon and Lawrence Jones.

## Five Emergencies At Hospital Here

Five persons were given emergency treatment at Memorial Hospital Tuesday for injuries resulting from an assortment of accidents. All but one were released.

Ronald T. Morris of Route 1, New Holland, was reported in good condition Wednesday after a power lawnmower had thrown a piece of wire which ran into his leg.

Treated and released were: Kenneth Penwell, 728 Gregg St., who was hit in the left eye by a softball;

Sudie Morris, Lees Creek, who received lacerations on the back of his head when he fell from a tractor;

Mary Ann Rudduck, 19 months daughter of Mr. and Mrs. William Rudduck, 932 S. Main St., who was treated for a cut in her lower lip;

Sandra Holland, 6, daughter of Mr. and Mrs. William Holland, Hammond, Ind., who was stung by an insect while traveling through here.

## Famed Singer Tries Leap Into River

LONDON (AP)—Pulled screaming from the parapet of London's Waterloo Bridge, Irish-Italian actress Gia Scala buried her pretty head in her hands and sobbed, "I'm all mixed up."

A cab driver who snatched her from the edge while she thought the shapely, brunette star was trying to jump into the Thames.

Her film director said it was all a mistake and that Gia was just being defiant.

Monday night, Gia's Italian-born father and a few friends called at her apartment. At 1 a. m. neighbors heard what they thought was an argument. Then the guests began to leave.

The actress walked out with a dark-haired man and hailed a cab and asked to be taken home, changed her mind and asked to be driven to Waterloo Bridge.

"She got out and made a move toward the parapet. I grabbed her wrist and hung on until two other drivers came and helped me," the cabbie said.

Police were called and Gia agreed to go home. But as the cab started up, she jumped out and ran again for the edge of the bridge.

There was a struggle. Her dress was torn, and a policeman was bitten. Gia was hauled off to a police station but was allowed to go home later.

In her dressing room at Elstree Studios, Gia said: "I didn't know what I was doing. I wasn't myself. A few months ago my mother died. We were very close—always together. It hit me very badly. 'I'll be all right now. I'll get over it. Have to, won't I?'"

## Toledo Voters Shun Expressway Tax Levy

TOLEDO, Ohio (AP)—For the second time in three months Toledo voters have turned down a 15-year property tax levy of 1.9 mills. It would have provided the city's share of funds for an 89-million-dollar expressway and major thoroughfare construction program. The vote was 32,242 against and 18,891 for the levy.

The Philippine Republic became independent on July 4, 1946.

## Airman Fails In Effort To Outtalk Lady

PLATTSBURGH, N. Y. (AP)—Sgt. Thomas A. Johnson quit his attempt at setting a world's talk record and went home to bed today. His tired vocal chords had spied for 88 hours and 37 minutes.

Johnson, a onetime disc jockey from Memphis, Tenn., had hoped to hit 100 hours of continuous talking.

At 4:30 a. m. Capt. Oscar Ruiz, an Air Force doctor, advised Johnson to quit or risk permanent injury to his voice. Johnson complied.

Five other sergeants continued. Johnson failed to match the talking record of 94½ hours claimed earlier this week by Mrs. Mary E. Davis, a housewife in Tulsa, Okla.

Johnson, 32, was the second long-winded sergeant to leave the contest at the insistence of a doctor. The other talked for 60 hours. Still rambling along were Walter Morin, 40, of Jamaica Plain, Mass., who had talked for 69 hours; Miles H. Maulden, 26, Seneca, S. C., with 44 hours; Thomas Fitzpatrick, Plattsburgh, 35½ hours; Harold T. Eaves, Chattanooga, Tenn., 22 hours; and Robert A. Mosher, Bristol, Conn., 18 hours.

## Crash Wrecks Bridge

(Continued from page One)

From Erie on Route 62 to replace an old covered bridge.

The tractor had been cut away from the bridge with an acetylene torch about noon.

BOTH VEHICLES in an accident investigated by Deputy Charles Hays at 8:25 a. m. Wednesday were damaged heavily. Arthur T. Sullivan, 45, Greenfield, and Norma J. Dillon, 20, Greenfield, were the drivers involved in the collision on Route 70-10 miles south of Washington C. H.

The Dillon car traveled about 162 feet after the collision with a ½-ton truck driven by Sullivan. Sullivan's truck was damaged extensively, while the Dillon 1956 Cadillac was damaged to the extent of \$1,000.

Sullivan was cited to appear in Municipal Court Aug. 11, charged with failure to yield the right of way.

Edward Louis Powell, 1108 Paint St., was cited for reckless operation in a three-car accident Tuesday at 5 p. m. on Columbus Ave. east of Blackstone St. Powell told police he was going west on Columbus Ave. when he fell asleep. Police said his car hit the back of the truck loaded with wheat driven by Charles D. Duff, Old Springfield Rd.

After locking bumpers the two vehicles veered to the curb hitting a parked car owned by Arthur W. Kelley, Greenfield. There was major damage to Powell's car. Except for the loss of two bushels of wheat there was minor damage to the other two vehicles.

MARLAND D. PENWELL, 22, Greenfield, told sheriff's deputies he was going 55 miles an hour on Route 70, seven miles south of Washington C. H. Tuesday at 8:40 p. m. when several hogs owned by Fred Milstead, Greenfield Rd. ran in front of his car. Five hogs were killed and two were injured, sheriff's deputies said.

Reaching for the brake and hitting the gas pedal caused Kelso Clifford Wallace, 43, of 214 S. North St. to run into a fence on Creek Rd. Monday, he told sheriff's deputies. The front end of the car he was driving was damaged.

A parked car owned by Hugh Holloway, 52, of 808 Lakeview Ave. was struck by a car driven by Robert Lee Speelman, 18, Route 6, in the 100 block of N. Fayette St. Tuesday. There was minor damage to both cars.

## Food Dealers Elect

LOUISVILLE (AP)—Ivan Bangart of Springfield, Ohio, has been elected president of the Ohio Retail Food Dealers Assn. The group met in conjunction with the Tri-State Food Market Operators Conference being held here.

## East-West Debate

(Continued from page One)

ident wants the Security Council to adopt a previously introduced U.S. resolution which would call on the Assembly to take measures to protect Lebanon against outside pressures and thereby permit the withdrawal of United States troops.

Khrushchev in his letter said he wants the General Assembly to "discuss the question of withdrawing U.S. troops from Lebanon and British troops from Jordan." He wants it discussed, moreover, on the Soviet charge that the United States and Britain committed aggression by sending their troops into those countries.

Thus the lines are drawn for exactly the same violent arguments which would have been made in the proposed summit meeting of the Security Council. The difference is that the brunt of the wordy battle will be borne by Assembly delegates, not by the heads of government themselves.

Hoffa asked Kennedy sarcastically: "Why don't you pass the bill?"

In like fashion, Hoffa snapped at Sens. Sam J. Ervin (D-NC), Irving Ives (R-NR) and at Carl Curtis (R-Nebr.).

Finally, Hoffa got into a sharp argument with Chairman John McClellan (D-Ark.) as to whether union leaders have too much power. On several occasions, he broke into McClellan's conversation.

McClellan said in a quiet but ominous voice: "When I talk, you are going to listen and I want you to get that straight."

But Hoffa kept on, arguing vigorously. Williams, who is counsel for the Teamsters Union as well as Hoffa, specifically protested the committee's plan to put Hoffa on and off the witness stand for a period of weeks. The committee says that will permit Hoffa to make on-the-spot replies to testimony about him.

McClellan said the committee will decide in closed-door hearings whether to continue the practice.

Brig. Gen. William C. Bullock, commandant at nearby Ft. Chaffee, said Cobb ordered the push-ups without malicious intent and did pushups himself.

IT'S SO EASY TO PLACE A WANT AD.

## Stock Mart Tries Hard To Resume Spurt

NEW YORK (AP)—The stock market tried hard to resume a summer rally today but achieved only partial success with prices slightly higher in early afternoon.

Oils were favorites again with gains from fractions to more than a point. Turnover was moderate. There were two spurts when the ticker ran behind.

President Eisenhower told his news conference business is going to have to go slow on price increases or consumers are going to rebel. His remarks appeared to have little impact on the market.

There was no special news to account for the continued strength in oils. Some brokers said these stocks were considered good inflation hedges.

Rails motors and aircrafts were up slightly. Steels were irregular. Chemicals and aluminum showed small losses.

Amerada, Getty Oil, Du Pont and Eastern Air Lines picked up a point or so. Up fractions were U.S. Steel, Chrysler, American Motors and International Harvester. Allied Chemical and American Telephone & Telegraph dropped a point or more.

U.S. government bonds dropped to new lows for the year.

## Postal Rate Too High?

SALT LAKE CITY (AP)—Do not feel too bad about the new 4-cent postal rate. The Salt Lake Tribune advises that "the pony express used to charge \$5 for half an ounce."

## Cincinnati Produce

CINCINNATI (AP)—Eggs, Cincinnati (cases included), consumer grades, U.S. A large white and brown 48-50; medium 36-38; current receipts (cases exchanged) 28-29; U.S. A jumbo 44-46; large and cutters 14-16; 17-18; 19-20; B large 25-27; under grades 18-20. Poultry prices at farms, Cincinnati area, No. 1 quality fryers 17-18; hens heavy 15-17; light 11-14. Potatoes 2.00-4.25.

Donors Learn Own Blood Type

Bloodmobile Coming Here Again on Aug. 14

Fayette Countians will have an opportunity to replenish the Red Cross blood bank again on Aug. 14, when the mobile unit comes here for the day.

It will be set up again at the First Presbyterian Church, Market and Hinde Sts. from 10 a. m. until 4 p. m. The county's quota is 175 pints, the same as it has been for more than two years.

The Junior Chamber of Commerce is the sponsoring organization for the coming visit of the bloodmobile. In that capacity, the Jaycees will be recruiting donors.

The need for blood donations here is pointed up by cold figures. Since Jan. 1, 482 pints of blood have been taken from the blood bank for use in Memorial Hospital. In the three previous visits of the bloodmobile unit this year, 462 pints have been donated.

When the mobile unit was here Feb. 6, 188 pints were given; on April 3, 144 pints and on June 12, 130 pints. Only in February was the 175-pint quota reached.

The 482 pints used at the hospital do not take into account the blood Fayette Countians received from the blood bank while patients in other hospitals, it was pointed out.

IN ADDITION to keeping the blood bank stock up, there is a personal reason for giving blood. Mrs. Robert P. Wilson, chairman of the county blood program this year pointed out that those who give blood also learn what type of blood they have. She put it this way: "Do you know what your blood group (type) is?"

"It's 10 to one you don't and those odds should be narrower."

"You could be seriously injured in an accident and rushed to the hospital where minutes count. Your life could be saved in the margin of time it takes to find out your blood group."

"We know of one man here, who is walking around alive today because that bit of vital information was in his billfold."

"There's an easy way to find out what your blood group is—Just donate a pint of blood for someone

else who is ill or injured. "The Red Cross, through which you do this good deed, will let you know in a few days what type of blood you have. This information you can carry with you always — it could save your life. "Meanwhile, you'll have the satisfaction of having done something for someone else."

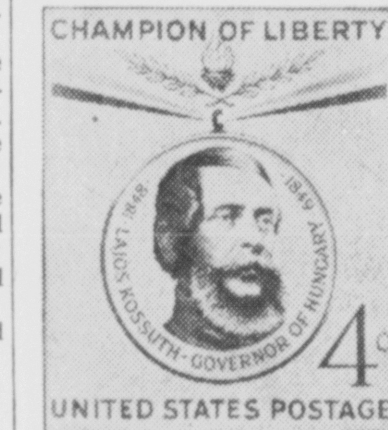

Cloud To Address Wilmington C. of C.

WILMINGTON — Roger Cloud, Speaker of the Ohio House of Representatives; will be the featured speaker at the Wilmington Chamber of Commerce third quarter meeting August 14 at the General Denver Hotel.

Rep. Cloud has been a member of the legislature for five terms. He was county commissioner in Logan County for eight years, and served four years as a school board member. He is a farmer and also engaged in the contracting business.

Cloud will discuss the current economic situation and the outlook in years to come.

Washington C. H. Ohio

### Miss Gloria Elaine Evans Is Bride Of Mr. Wilfred Randall Dotts

Miss Gloria Elaine Evans, daughter of Mr. and Mrs. Homer Evans of 1106 E. Temple St., became the bride of Mr. Wilfred Randall Dotts, son of Mr. and Mrs. Homer Dotts of the McCoy Rd., Columbus, Sunday afternoon.

The Rev. Dale Bittel performed the double-ring ceremony at two o'clock in the Riverside Methodist Church, Columbus.

Candelabra and pedestal baskets of white and pink gladioli adorned the altar.

Preceding the ceremony, a program of traditional nuptial music was presented by Mrs. Dale Bittel, organist.

The bride, given in marriage by her father, was lovely in a street length sheath gown of white taffeta which featured a fitted bodice and a white nylon net overskirt. Her fingertip veil of French illusion was caught to a tiara of seed pearls. She carried a white Bible topped with white roses.

Miss Beverly Evans was her sister's maid of honor. Miss Mary Dotts, sister of the bridegroom, served as the bridesmaid.

The maid of honor was attired in a street length gown of blue organdy which was fashioned with a boat neckline and an extremely full skirt. With this she wore a matching headpiece.

The bridesmaid's gown was of pink organdy and was designed along the same lines as that of the maid of honor's. She also wore a matching headpiece.

Both attendants carried cascade bouquets of blue and pink daisies. Mr. Robert Dotts of Columbus was his brother's best man. Ushers were Mr. Carl Megian of Cleveland and Mr. Bertand Morrow of Urbana.

Mrs. Evans chose for her daughter's wedding an afternoon length gown of powder blue nylon with which she wore white accessories and a corsage of white carnations.

The bridegroom's mother, Mrs. Dotts, was wearing a pink linen afternoon gown complemented with pink accessories and a corsage of pink carnations.

A reception was held in the home of the groom's parents following the ceremony.

Lovely arrangements of pink and white gladioli were placed throughout the Dotts home. The bride's table was beautifully appointed and centered with a tiered wedding cake.

Hostesses for the affair were Miss Janet Lininger of Cleveland and Miss Deborah Smith of Arizona.

When the couple left on their wedding trip to Chicago, the new Mrs. Dotts was wearing a white linen sheath dress with white accessories and the rosebuds from her bridal bouquet were pinned to her shoulder.

Upon their return they will reside at 159 N. Main St. in Hilliards. The former Miss Evans was graduated from Washington C. H. High School and the college of education at Ohio State University. She is now employed as a teacher in the Hilliards elementary school system.

Mr. Dotts was graduated from Arlington High School, Columbus, and is attending Ohio State University where he is studying for his bachelor-masters degree in Physics.

Attending the wedding and reception were close friends and relatives of the bride and groom.

Jasper Home Demonstration Club meets in Washington Park for family picnic at noon.

### Garringer Family Reunion Held At Eber School

The 34th annual Garringer reunion which was held at Eber School was attended by 80 members of the family.

The picnic dinner, served in the dining room at the noon hour, was preceded with prayer by the president, Mr. Willard Armbrust.

A short business session followed, during which the nominating committee, composed of Mr. Albert Caplinger, Mr. John R. Garringer and Mrs. Russell N. Garringer, presented the slate of officers to serve the coming year.

Officers elected were Mr. Charles Shaper, president; Mr. Dallas Garringer, vice president; and Mrs. Charles C. Marine, secretary-treasurer.

It was decided to hold the reunion next year on the first Sunday in August at Eber School.

Informal visiting and a short program, consisting of accordion selections by Miss Diane Earley, a solo by Keith Earley, and a group of songs by several children directed by Mrs. Elden Armbrust, were enjoyed.

The serving of ice cream brought the day's activities to a close.

Relatives attending the affair were from Port William, Dayton, Cedarville, Jamestown, Jeffersonville, Milledgeville, Good Hope and Washington C. H.

### MHG Class Holds Annual Picnic

Twenty-one members of the MHG Class enjoyed their annual picnic in Westminster Hall of the First Presbyterian Church Monday night.

Informal visiting rounded out the evening, during which Miss Jane Jefferson read a letter from the Hungarian girl whom the class is helping.

Hostesses for the affair were Mrs. I. L. Pumphrey, chairman, assisted by the Misses Grace and Etta McHenry, Mrs. Ralph Hays, Miss Drusilla Rodgers and Mrs. Charles Skinner.

### Mrs. Simpson Honored With Dinner Tuesday

Mrs. James Pursell of the Jamestown Rd. entertained with a dinner Tuesday evening in honor of Mrs. Prudence Simpson of Whittier, Cal. who is visiting relatives here.

Additional dinner guests were Mrs. Leona Moles and Mrs. Minnie Smith.

By the end of 1957, there were an estimated 46 million, 100 thousand television sets in use in 83 per cent of the homes in the United States.

IT'S SO EASY TO PLACE A WANT AD.

### Zeta Upsilon Chapter Plans Family Picnic

Zeta Upsilon chapter of Beta Sigma Phi sorority will hold its family picnic at Washington Park at 6:30 p. m. Saturday.

The social committee, composed of Mrs. Elmer Haymaker, chairman, and Mrs. Floyd Hoppes and Mrs. Maynard Hoppes, is in charge of arrangements.

SWIRLS OF forget-me-nots, brightly blue, create a cool summer look in this subtly draped dress by Rosalie Macrini. Designed in silk crepe, the dress is egg-shaped, creating an oval from the gathered scoop neckline to the knees, where it is set on a band.

TINA LESERV'S "Kimo" costume coordinates a side-slashed kimono-inspired aqua silk broadcloth coat, lined in purple China silk, with a tissue-weight silk dress, printed with stylized lavender flowers against a blue background. The dress gathers at the neckline, then falls egg-shaped to the knees, where it is caught by a wide hobble band.

## FUGITIVES FROM THE FBI

Photos 1953

JOSEPH GERALD LUPINO

(In co-operation with J. Edgar Hoover, FBI Director, this newspaper is running a series of descriptive articles on criminals wanted by the FBI.)

JOSEPH GERALD LUPINO is being sought by the FBI for unlawful flight to avoid prosecution for the crime of burglary. He and an accomplice on May 25, 1956, attempted to burglarize a Minneapolis dime store at which time Lupino injured his left hand rather severely causing the burglary to be abandoned.

A warrant for Lupino's arrest was issued in June, 1956, in Municipal Court, Minneapolis, Minn., charging him with burglary in the third degree.

A complaint filed before a U. S. Commissioner at St. Paul, Minn., on June 25, 1956, charged Lupino with violation of the Unlawful Flight to Avoid Prosecution Statute in that he fled from the State of Minnesota to avoid prosecution.

The wanted man, whose aliases include Joseph Luppino and Joseph Gerald Luppino, has been employed as laborer and fry cook.

Lupino has been previously convicted for burglary.

DESCRIPTION: Age, 23; Born, Minneapolis, Minn.; Height, 5 feet 6 inches; Weight, 150; Build, medium; Hair, dark chestnut; Eyes, hazel; Complexion, medium. He may be wearing glasses and his hair may be short.

INFORMATION concerning fugitive should be telephoned to the nearest FBI office. Distributed by King Features Syndicate

## Ohio 'Office Court' Is Known to Few

COLUMBUS, Ohio (AP)—Ohio's statehouse annex houses two courts - one of them virtually unknown to the public.

Almost everyone has heard of the Ohio Supreme Court, the state's highest tribunal. It sits in open sessions on the third floor of the building just east of the Capitol.

But few know about Atty. Gen. William Saxbe's "Office Court" that meets periodically in closed sessions on the first floor.

"Office Court" is the name ap-

plied to meetings of Saxbe's lawyer assistants to hammer out legal opinions issued by the attorney general.

Formal opinions issued to public officials only, often become necessary when doubts arise over the meaning and application of a law. They frequently bridge the gap between the time doubt develops and courts of record decide the issue or the Legislature clarifies the law.

When Saxbe gets a request for an opinion from a county prosecu-

tor or other public official, for whom he acts as counsel, an assistant is assigned to study the statutes and draft an opinion.

His work then goes before the "Office Court" for a fine tooth combing by a score of colleagues. Hugh A. Sherer, Saxbe's veteran chief counsel, presides at the informal sessions.

Assistants sit at big tables in a long room lined with law books and volumes of opinions by former attorneys general. Many a legal eagle in later life developed his

wings in the often spirited and sometimes humorous debates.

After the discussions, attorneys vote for or against the opinion draft, express doubts or say whether it should be amended. If the verdict is inconclusive, the matter is reassigned and the process starts all over.

Opinions surviving the "Office Court" are reviewed by Sherer and Huntington Carlile, first assistant attorney general, before going to Saxbe for a final check and signing.

Of the nearly 250 opinions issued by Saxbe, in addition to approval of state contracts and similar matters, only one has been lost in a Supreme Court test.

That opinion, over Sherer's objections, led to removal of Dr. Robert A. Haines from the state payroll as director of mental hygiene and correction. The high court overturned the opinion and restored Haines with back pay.

Recently an issue defies solution by an opinion. Such an issue stemmed from a dispute over a new law on the financing of sewer

and water systems outside municipalities. Several million dollars worth of projects were stymied for months while Saxbe's office wrestled with the problem. Most opinions take about 30 days.

The state Legislature in special session revised the law to meet objections of securities experts. They had refused to approve bond issues under the former law to finance the projects.

Clayallee, a four lane boulevard in Berlin, is named for General Lucius D. Clay, former U. S. military governor of Germany.

## Californians Plan 'Suicide' Boat Trip

HAMBLE, England (AP) — Three young Californians said today they plan to sail a 10-ton racing boat across the Atlantic even though yachting veterans say it will be suicide.

They are Bill Ayres, 29, Garden Grove; and James May, 27, and Henry Burleson, 28, both of Glendale.

They are refitting their sloop, Lerche, and plan to start before the end of August.

The Lerche has a beam of only 8 feet and an over-all length of 41 feet. Seasoned yachtsmen said the Lerche and her crew will be lucky

to get through the English Channel.

"We are looking for adventure and no one is going to stop us," said Ayres, a veteran merchant seaman.

### Burglar Is Very Bold

CINCINNATI (AP)—A bold burglar ransacked the home of John W. Hanley in eastern Cincinnati, taking a watch and radio. Hanley, who was on vacation, lives next to Police Chief Stanley R. Schrotel.

## Historic Waldschmidt House Is Restored by DAR of Ohio

Historic Waldschmidt House, near Milford

Historic Waldschmidt House in the little village of Camp Dennison, not far from Milford, has been restored by the Ohio Daughters of the American Revolution and is now open to the public as a museum.

Under the supervision of a board of trustees, of which Mrs. Frank R. Marshall of Jeffersonville is a member, the old stone house, built in 1804, is open on week days, except Mondays, from 12:30 to 4:30 p. m. and on Sundays from 1 to 5 p. m.

No admission is charged, but Mrs. Marshall said donations are appreciated.

Mrs. Robert B. Dean of Miamiburg acts as hostess and guide on weekdays and the trustees serve alternately on Sundays and special occasions.

Camp Dennison, located on Route 50 by-pass, was founded by Christian Waldschmidt, an American of German descent, who came to the Miami River Valley in Ohio from Pennsylvania in 1794 after having served in the American Revolution.

HE PURCHASED a large tract

of land and began the development of the village. Houses, a church, sawmill, gristmill, distillery, cooperage, smithy, warehouses, stables, stockyard, tavern, papermill and general store were built.

With his venture in establishing a town prospering, he built his pretentious stone house in the style of the Pennsylvania country from which he had come.

During the Civil War, it was headquarters for General Joshua Bates when Camp Dennison was a training center for Union soldiers.

In 1941, when the old house was hardly more than a solid stone shell, it was bought by Chester F. Kroger and given to the state organization of the DAR.

With much enthusiasm but little money, the DAR began the restoration. Now it is completed and Waldschmidt House takes its place among a number of other DAR memorials throughout the country.

On the board of trustees with Mrs. Marshall are Mrs. Ralph E. Hodges and Miss Sheila Fisher of Milford; Mrs. Arnold Rennebarth and Mrs. James G. Klee of Cincinnati; and Miss Jean Fludder of Hamilton.

## Names of 463 Jury Prospects Go into Wheel

Total of 116 Cases  
Pending in County  
Court on Aug. 1

The annual jury list was readied in Common Pleas Court Tuesday, as 463 names, selected by Jury Commissioners Tom Mark and Paul Maugher, went into the big wheel.

Those on the list will be available for grand and petit jury duty effective with the new court term beginning Sept. 8.

Common Pleas Judge P. Case had asked the commissioners to submit at least 450 names. Only four names were left in the wheel, and these were removed when the new cards were inserted.

Names of prospective jurors are compiled from poll books.

A TOTAL of 116 cases were pending in Common Pleas Court on Aug. 1, although only a small part of the total will require jury consideration.

The 116 pending cases, five more than the number pending on July 1, include 56 domestic relations matters, 51 other civil cases and nine criminal actions.

Twenty-five new cases were filed in July, of which 11 were in the domestic relations category, nine were other types of civil cases and five were criminal actions.

OF THE 20 cases disposed of in July, 16 were civil cases (including two domestic relations matters) and four were criminal cases. Nine were tried to the court, three were cognovit note judgments and eight cases were settled and dismissed.

Eight Fayette County cases were pending in the Court of Appeals on Aug. 1. Three of these cases were filed in July.

There were no appellate court dispositions of Fayette County cases during the month.

## \$150,000 in Gems Lost by Couple

CLEVELAND (AP) — A New York City couple Tuesday reported theft of \$150,000 worth of jewelry from their car at a motel near here.

Louis Hand, a curtain manufacturer, said the jewels belonging to his wife and \$3,000 worth of clothing were taken from the car, which was left locked at the Shaker House Motor Hotel in Warrensville Twp. from late Sunday night until Tuesday morning.

Sheriff Joseph M. Sweeney said

## Mother Goose--Fact or Fiction?

Bits of History  
Retold By Some  
Nursery Jingles

By JOSEPH WHITT  
Central Press Association  
Correspondent  
LONDON — Are the Mother Goose rhymes—Old King Cole, Little Jack Horner, Sing a Song of Six Pence, and others recited in nurseries throughout the English-speaking world—truth or fiction?

Specialists in folklore believe they contain much truth; their investigations have revealed parallels between Mother Goose nursery rhymes and English history.

Children singing London Bridge is Falling Down are not aware that they are commemorating an actual event. In 1014, London bridge was held by Danish invaders, and by it they hoped to conquer the city. Fortunately, the Norwegian allies of the Saxons, using cables and boats, pulled down the bridge and thus saved the city.

Nursery rhymes were not written for children. Many of them were once popular ballads, love songs and political lampoons.

They became part of English tradition a long time ago. Over half were well-known in 1750; the other half date back to Tudor days.

OLD KING COLE, for whom the town of Colchester may have been named, was an early British monarch called Cunebelin, who died in 40 A.D., and was later portrayed in Shakespeare's Cymbeline.

Colchester castle, still to be seen today, supposedly housed the Merry Old Soul who was

This is Glastonbury abbey where Little Jack Horner was a steward. His famous Christmas pie was baked in its kitchen, which still stands as part of the abbey ruins.

fond of calling for his pipe, his bowl, and his fiddlers three.

Another nursery-jingle character linked to history is Little Jack Horner. He was steward of Glastonbury abbey, in Somerset, and he was sent by his superiors to try to prevent Henry VIII from appropriating certain church-owned manors for himself.

"He stuck in his thumb and pulled out a plum" for himself—a deed from the king for the Manor of Mell, owned until recently by the Horner family. The pie mentioned in the poem was probably baked in the abbot's kitchen, which still stands behind the abbey ruin.

A note of political protest was struck in Sing a Song of Six Pence. Newstead abbey, in Nottingham, was one of the abbeys taken over by the king in the Sixteenth Century.

The "four-and-twenty blackbirds baked in a pie" are the manors that belonged to the

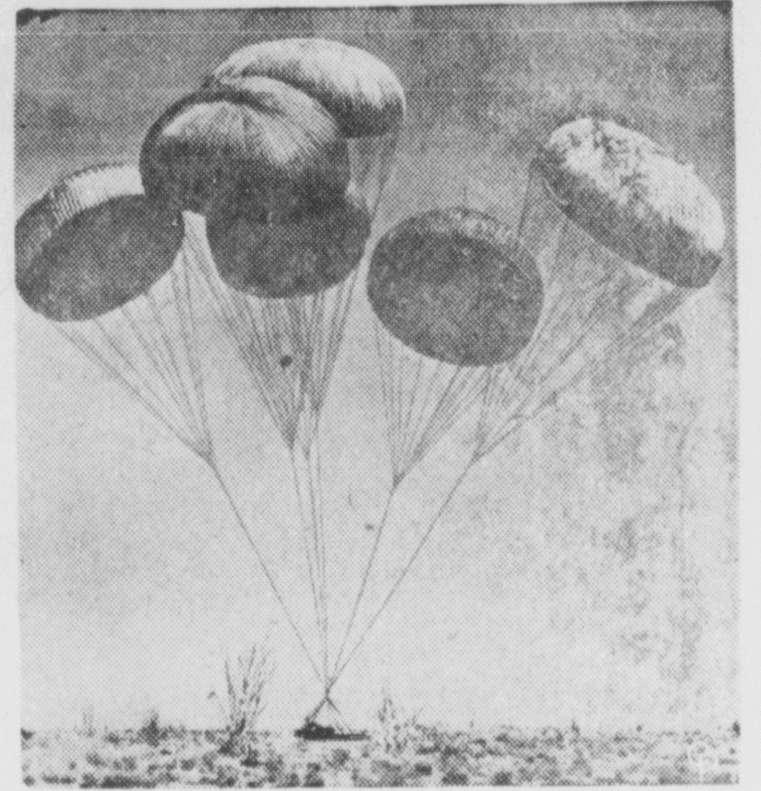

monastery. They represented great wealth and were certainly "a dainty dish to set before the king."

Other nursery rhymes are related to English place-names. The narrator in "As I was going to St. Ives, I met a man with seven wives" was on his way to Huntingdonshire, St. Ives, where a great fair was held in medieval days.

Ride a Cock Horse to Banbury Cross commemorates a stone cross that stands in the town of Banbury. The present cross is a replica of the one that was torn down by the Puritans in 1602.

These and other rhymes—such as Hot Cross Buns, Doctor Foster Went to Gloucester in a pence, Newstead abbey, and Oranges and Lemons—are a compound of truth and fiction.

"They're not bits of nonsense," says one folklore specialist. "They actually contain fossils of English history."

DOWN TO EARTH—A 2½-ton truck, with six parachutes attached, touches the ground after a successful air-drop from an Air Force C-130 Hercules transport plane at Yuma, Ariz. This was one of the Quartermaster Corps tests of air supply.

## Right Down the Alley

LODI, Calif. — It was a real effort but Samantha made it.

Samantha is a hen owned by Kenneth Jackson of Lodi, Calif. Her claim for fame came recently when

she laid an egg shaped like a small bowling pin. Jackson said it was the hen's first bowling pin egg.

## Firm's Founder Quits as President

WOOSTER, Ohio (AP)—James R. Caldwell Tuesday announced his resignation as president of Rubbermaid Inc. Caldwell, founder of the 24-year-old firm, said he will become chairman of the executive committee of the board.

Forrest B. Shaw, vice president and assistant general manager, succeeds Caldwell as president and general manager.

another \$30,000 worth of jewels belonging to another couple, Mr. and Mrs. Joseph Cohen of Miami Beach, Fla., was missed by the thieves.

Sweeney said the jewelry was in "big pieces" for the most part and would be easy to trace.

# Sharon Smith Chosen Fayette Pork Queen

PORK QUEEN CROWNED--Miss Sharon Smith, 16, (left), daughter of Mr. and Mrs. Gene Smith, Route 5, is crowned the new Fayette County Pork Queen by Miss Gloria Cleland, 16, daughter of Mr. and Mrs. Lee Cleland of Bloomingburg, last year's county and state Pork Queen.

## Reports on Hog Show and Sale Made at Directors Meeting

Fayette County has a new Pork Queen. She is Miss Sharon Smith, 16, daughter of Mr. and Mrs. Gene Smith of Route 5. She was chosen queen from a field of five contestants.

Other contestants were Linda Forsythe, Barbara Mathews, Lynda Stephenson and Jane Smith.

The Pork Producers Assn. directors have a unique way of selecting the Pork Queen. A score card is used and each director has an opportunity to score each contestant. From the final scores of all the directors, the queen is chosen.

She is selected on the basis of beauty and personality, presentation and poise and essay content. Each girl gives a two-minute talk on one of the following subjects: (1) How To Promote More Pork Consumption; (2) The Value of Pork in Nutrition; (3) What the Housewife Can Do To Help the Pork Market; (4) or any subject pertaining to the pork industry.

In the voting, Miss Forsythe, was second, Miss Stephenson, third. Awards were given to each of the contestants in the amount of \$30, \$20, \$10 and \$5.

MISS GLORIA CLELAND, retiring State Queen and Fayette County's Queen last year, gave a resume of her activities, exciting and worthwhile experiences in appearance before various groups and interviews since she was selected All-Ohio Pork Queen last September. She related the total of 32 activities in which she had participated.

Outstanding of these activities were: appearance at the annual meeting of the Ohio Farm Bureau Federation, attendance and inter-

view on Don McNeill's Breakfast Club in Chicago, National Yorkshire meeting in Chicago, International Barrow Show, Chicago, appearance at Rotary Club meeting where she told of her trip to International Livestock Exposition, Fayette County Pork Producers' Annual meeting and the All-Ohio Swine Banquet in London.

The retiring Queen Gloria, presented the crown to the new

## Rotary Hears Talk on Salt

When Johnny Jones, Columbus newspaperman, failed to appear as the scheduled speaker at the Rotary Club's Tuesday luncheon meeting, President Joe Campbell filled in with an extemporaneous talk.

Campbell, a wholesale grocer, took for a subject "Salt" and appeared so familiar with this product, its history, its development and its value to mankind, that his audience caught the idea that he must have been making it quite a study.

He referred to it as among "the most important, cheapest and most essential of food products".

He dealt with the demand for salt down through the ages. He referred to Napoleon's statement that his historical defeat and retreat across Europe was due to a lack of salt for his army.

Campbell explained refining of salt down to its present efficiency in method, of the digging for and location of salt, also the importance of packaging and transportation in handling it, and location of great salt beds and belts in this and other countries.

GEORGE FINLEY gave the Ro-

PORK QUEEN AND COURT--Miss Sharon Smith, 16, (center), the Fayette County Pork Queen, is flanked by members of her court (left to right) Linda Forsythe, 15, daughter of Mr. and Mrs. Wayne Forsythe; Jane Smith, 15, daughter of Mr. and Mrs. Roscoe Smith; Queen Sharon; Barbara Jane Mathews, 15, daughter of Mr. and Mrs. Harold Mathews; and Lynda Stephenson, 16, daughter of Mr. and Mrs. Leonard Stephenson.

queen Sharon. The crown for the queen and corsages given each contestant were from the Flower Shop, 203 N. Main St.

Mrs. Norma Cunningham, home economist, introduced the girls when they gave their presentation. Dr. James A. McCoy was chairman of the queen contest and was assisted by Melvin Keiger and Scott Harner.

The queen will represent Fayette County at the second All-Ohio Pork Picnic to be held at the Greene

County Fairground, Xenia, on Sept. 13.

DURING the business part of the meeting which followed, reports were given on the hog show, sale and carcass contest at the Fair. The number of hogs, prices paid and the interest in this part of the Fair program was the largest and best since the show and sale was started two years ago.

A total of 215 hogs were sold compared with 128 last year. The champion single hog sold for \$1. per pound. The average price per head was \$57.06. The average

price was \$28.26 a 100 pounds.

Leland Dorn, chairman of the banquet committee, reported on the banquet which is scheduled for Oct. 2 to be held at the American Legion Hall. Some of the details of the program were reported.

A committee of A. R. Rankin and Jerry Nessell was appointed to prepare a letter to be sent to buyers and donors of the hog show and sale, thanking them for their cooperation.

Considerable business was carried over for the next meeting of the directors which will be on Sept. 2.

Inflation Again?

U. S. Housewife Can See how Prices Climb

EDITOR'S NOTE: Is the stock market right about more inflation being a sure thing? What can be done about it? In the following, the first in a series of three, the Associated Press business news analyst discusses the impact on the consumer.

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — Ask the housewife and she'll tell you more inflation is already here.

She isn't talking about what she doesn't buy—the higher priced ton of steel or pound of copper. She's talking about what the family pays out—the higher prices for meat, the increased cost of her husband's getting to work, the bigger bills for keeping the children healthy, the latest rent boost.

Ask the businessman and he'll tell you more inflation is a real threat. He's talking about the increases in the price of metals and other basic materials, the higher wage scales, the greater transportation costs—all pushing him toward raising his prices to you.

Ask the economist and he'll tell you more inflation isn't a sure thing yet but a tossup.

He concedes the threat from the increase in the money supply which seems sure as the government borrows more and more from the commercial banks. But he also notes that while there's more money around, there aren't too few goods for it to chase — the capacity to make more goods is already in place waiting for demand to call it into production.

Inflation is no economic theory for the consumer. For him it simply means that the cost of living goes up.

If more inflation is really coming for sure, your present income won't buy as much. If inflation is big enough, your income won't buy what you need, let alone what you'd like to have if you could.

If you're lucky enough to get your income boosted along with the cost of living, you're likely to just keep even with what in time can become a losing game.

For the consumer a new threat of inflation comes on top of what looks bad enough right now. By official figures what \$1 would buy 10 years ago, it takes \$1.24 to buy now. If you talk about what a buck would buy in 1939 you have to talk now about what \$2 will buy.

Food prices average much more higher than last year. The Agriculture Department says 60 per

Courts

WIFE ASKS DIVORCE

Martha Pollard, 121 E. Temple St., has brought suit for divorce from Robert Pollard, 422 Peabody Ave., in Common Pleas Court. She charges neglect and cruelty.

Married July 16, 1950, the parties have no children. The plaintiff requests that the court grant her the defendant's interest in household goods, alimony, costs of the suit and restoration to her maiden name, Martha Evans.

Business Notes

Mrs. Jessie Rosebaum, 620 E. Market St., has accepted the position of seamstress and fitter in the alteration department of Steen's Store. Mrs. Rosebaum is well known and experienced in this type of work.

cent of the increase is due to farmers' getting higher prices and 40 per cent to marketing concerns' getting more. Meat prices seem high in the store. Well live hogs are bringing 11 per cent more now than last summer; beef on the hoof 22 per cent more.

But food prices are moved up or down as much by weather and marketing problems as by pure monetary inflation. It's in other fields that the consumer may be hurt next.

The recession didn't bring the general drop in prices that many expected, so any new inflation would start from a high level.

The average consumer spends 14 per cent of his income on durable goods. Their average price reached a record high in November 1947 at 110.9 per cent of the 1947-49 average, and it slipped back only to 109.6 per cent in June—before the rise in metal prices which bring the new threat.

Food prices are today's villain. They seem likely to ease in the months ahead. But standing in the wings are threatening rises in other prices now—in durables, and in the cost of the services you've come to demand.

And if monetary inflation really takes hold, prices could rise all along the line.

Next: What will more inflation do to business and its recovery?

Indian Reservation  
Toured by Lawmakers

SANTA FE, N.M.—A group of congressmen learned about the need for better roads on the Navajo Indian Reservation the hard way. For several days they bumped around over the Indian land. Rep. Joseph M. Montoya (D-N.M.) said the trip was "a first hand legislative experience in riding through the dust all day. I don't think there could have been a better selling point for improved roads on the reservation."

FAYETTE COUNTY GRANGE PRINCESS. — Miss Karen Carman, 15, daughter of Mr. and Mrs. Walter Carman, Route 4, Washington C. H., has been elected to represent Fayette County Granges in the State Grange princess contest to be held in Cleveland in October during the State Grange convention. Miss Carman, a member of the Fayette Grange, competed against contestants from the Forest Shade Grange. The latter Grange will select a prince for state competition. Miss Carman will be a sophomore at Jeffersonville High School next fall. In school, she is president of the Science Club and is a member of the Future Teachers of America, the Student Senate and the chorus and band. She also is a member of the Bella Donna, 4-H Club. Miss Carman was chosen on the basis of attendance at Grange meetings, activities and community service.

Rescue Unit Prepared for Most Emergencies

Civil Defense Group Always Ready

By RON COFFMAN

If you hear a wailing siren sounding the air raid "take-cover" signal, it may or may not denote a coming disaster, but one thing is certain — whether it's just a practice or a real emergency, Civil Defense will be ready.

That's the assurance from Capt. Uhel Schwartz, commander of the Fayette County CD team, and the 17 other men who comprise this division of Ohio's 61st Mobile Support Group of the state Civil Defense program.

These volunteer workers, using a CD truck permanently stationed in the county and housed in the County Garage, meet an average of twice a month, discussing various aspects of rescue work and, the weather permitting, putting their knowledge to practical application in open-field tests with their equipment.

Their assistance in various type of local emergencies has been so prompt and so efficient that Fire Chief George Hall, not a member of the group, appeared voluntarily before Fayette County commissioners this week with a request that the county purchase additional equipment for the mobile unit — specifically an inhalator, grappling hooks and a portable boat which could be used in water rescue work.

IN THE EVENT of an alert of any type, three previously designated men go into action on the telephone, quickly notifying every member of the squad to report to his assigned station.

From this point it is only a matter of a few minutes until the unit is assembled from all over the county, ready to take whatever action might be necessary to preserve civil law and order and protect the citizenry, from human or natural dangers.

The local group is especially well equipped to handle this sort of operation, since the truck stationed here is of the largest type used in CD work, and only seven such vehicles are in use within the entire state.

THE FAYETTE COUNTY squad has been all over the state, participating in public displays, working in disaster areas, and helping in public projects, in the two years since it was organized.

One recent activity of Civil Defense display was at the Fair which

4 Canadians Face  
U.S. Court Trial

TOLEDO, Ohio (AP)—Four Canadians accused of passing \$300 in counterfeit \$20 bills here last Thursday waived a former hearing Tuesday before U.S. Commissioner John J. Barone. They were remanded to U.S. District Court for trial.

Robert D. Maddox, 25, of Toronto, was charged with aiding and abetting in the passing of counterfeit federal reserve notes. His cash bond was set at \$7,500.

Charged with passing the phony money were William E. Ogletree, 29, and Lucian U. Lambert, 25, both of Windsor, and Jean Paul Pariseau, 42, of Montreal. Their bond was set at \$5,000 each.

NOTICE OF SALE OF  
BOARD OWNED PROPERTY  
Notice is hereby given by the Board of Education of the City School District of Washington Court House, Fayette County, Ohio, that said Board of Education on Saturday, September 6, 1958, at 2:00 o'clock P. M., will offer at public sale, on the premises, a school building and grounds belonging to said Board of Education and situated in Washington Township, Fayette County, Ohio, and located at the corner of Columbus Avenue and Willard Street, Washington Court House, Ohio. Terms of the sale are cash, and the Board hereby reserves the right to reject any and all bids.

McIntire Named  
Aide to DiSalle

TOLEDO, Ohio (AP) — Michael V. DiSalle, Democratic nominee for governor, announced Tuesday he had appointed Arthur D. McIntire of Columbus as press relations secretary for his campaign through the November election. McIntire was legislative correspondent for the Cincinnati Times-Star until July 19 when that newspaper was sold to the Cincinnati Post.

Tempelhof Airport in Berlin is one of the few airports in the world located in the center of a large city.

NOTICE OF APPOINTMENT  
Estate of Robert H. Haines, Deceased. Notice is hereby given that Pauline E. Haines, Route 3, Washington C. H., Ohio, has been duly appointed executrix of the estate of Robert H. Haines, deceased, late of Fayette County, Ohio. Creditors are required to file their claims with said fiduciary within four months or forever be barred.  
ROBERT L. BRUBAKER  
Judge of the Probate Court  
Fayette County, Ohio

No. E-6913  
Date July 28, 1958  
Attorney John S. Bath

Why "Good-Time  
Charlie" Suffers  
Uneasy Bladder

Unwilling eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. New, large, economy size saves money. Get Doan's Pills today!

LET US BRING YOUR GROCERIES TO YOU.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Early excursions by train were quite different from those of the present day, as disclosed in an article from an issue of the Washington C. H. Daily Herald published 78 years ago.

In those early days on the "Ohio Southern", now the DT&I, passenger coaches were very few and when large parties desired to go places on the road, flat cars were pressed into service, temporary roofs placed over them, and seats arranged to accommodate the excursionists who apparently were just as happy about that method of travel as we are in air-conditioned coaches today.

In fact those flat cars were air-conditioned to say the least. But they did keep out the rain (or part of it).

In an account of the death of Herman Millikan, 26, son of Mr. and Mrs. Curran Millikan (of Millikan Mill fame), I came upon a paragraph describing how the excursion train was arranged, and how the prominent young man fell to his death between two of the flat cars as the party was preparing to depart at Greenfield for a big political parade.

Herman Millikan was a member of the "Garfield and Arthur Guards" and the special train on the Ohio Southern had been chartered to haul the guards and others to Greenfield to "take part in the grand torchlight parade." (they really took politics seriously in those days).

As the special was pulling into the station at Greenfield early in the night, and those aboard were beginning to light their torches and get ready to leave the train, several had stepped across the yawning space between two of the flat cars, and Herman Millikan slipped plunged beneath the wheels and was killed almost instantly.

The Ohio Southern furnished a special train to bring the body back to Washington C. H., where a large throng had assembled.

Word of his death had been telegraphed to this city immediately after the accident.

Bowman Hess was the funeral director, and the funeral was the largest held in the town up to that time.

Millikan was killed Oct. 9, 1880, and among those aboard the train at that time were Robert Howat, J. L. Millikan, Frank Johnson, Dr. E. C. Hamilton, Werter Hegler and others well known in the city.

It is recorded that Rev. George Carpenter and the Rev. S. J. Miller were in charge of funeral rites and the singers were Clara Grove, Jeanette Grove, Mrs. E. C. Hamilton, Miss Minnie Carpenter, R. A. Robinson and John Logan.

One hundred and fifty buggies and carriages were in the funeral procession.

TOPSOIL ON MOVE

Not in recent years have I seen so much muddy water in Fayette streams, day after day, as during the past two months. This means that a great deal of valuable topsoil was started on its way to the Scioto, Ohio and Mississippi rivers.

Eventually it will find a resting place in the great delta of the Mississippi which that stream empties into the Gulf of Mexico.

It is true that some of the muddy water is caused by silt picked up in the stream beds, but this silt is part of the topsoil carried into the stream through open drains and in many instances, by tile ditches which have breaks in them.

It would be interesting to know just how many hundreds of tons (possibly thousands) of topsoil is carried from Fayette farms each year into the streams and thus lost forever.

Of course the worst top soil loss comes during heavy flood stages in the streams when the water has more current.

FIRST HARNESS

Some of the first harness used in attaching oxen and horses to vehicles was made of hand-twisted grass rope and slippery elm bark. Later leather, and then chains, came into general use.

The pioneers were adept in making what they used, and fashioning harness out of grass ropes, and pieces of bark was nothing new in their category of know-how.

Not only was harness made from these crude materials, but they were used for other purposes as the need for them arose.

Grapevines also formed part of some of the equipment used in hauling loads on the farm, and I have seen them used for hauling hay shocks a half century and more ago in the place. Grapevines had surprisingly long lasting qualities and were just as useful as the long hemp strands used for the same purpose.

In other words the first white people coming into this area took what they found and fashioned it into things they could use. They got along surprisingly well, too.

The Pueblo Indians of New Mexico now inhabit 18 small villages near the Rio Grande River.

Venezuela is launching a 198 million dollar, five-year beef cattle development program.

FURRY FAREWELL—Actress Debra Paget gets a reluctant farewell from her pet golden gibbon ape, Hajji Baba, as she leaves Los Angeles by air. Debra will make a film in West Germany.

Why Are TV Time Salesmen Having Tough Time Now?

By CHARLES MERCER

NEW YORK (AP) — When a salesman can't sell his product, does the problem lie with the salesman or the product—or with insurmountable notions in the mind of the potential buyer?

Salesmen of quite a few products have been asking themselves that question during this economic recession. Among them are the network television salesmen who still are trying to peddle almost a third of the fall season's prime evening viewing time.

We suggested Monday that television should reappraise its sales emphasis on the star theory and the audience rating theory. The suggestion, calculated to make any salesman mad as coming straight from an ivory tower, is simply to offer sponsors a good show and will be interested in the products it sees advertised.

"Look," said a salesman, "a good show doesn't sell itself to a sponsor. See It Now was a terrifically good show. Do you think CBS would have canned it if they could have sold it? The trouble isn't with what networks offer. It's with what advertisers think they want."

"I don't care who started the star system or the rating system. The point is they're HERE. They're what most sponsors WANT. Are you going to refuse to sell a car to a guy because he wants sidewall tires and you think he shouldn't have 'em?"

All right, let's pass the buck to the sponsors. There will be

some good shows on the home screen in the new season. But some excellent, good and potentially good programs will be missing—not because the networks wished to kill them, but because no advertiser would sponsor them.

They include See It Now, Project 20, Wide Wide World, Kraft Theater, Studio One, Matinee Theater, Climax!, the Patrice Munford Show. Omnibus will be reduced to hour length and run every other week.

A television network, like any business organization, is dedicated to the purpose of making money. From its viewpoint there is no point in reappraising its sales thinking unless that thinking is reappraised on the same grounds by the purchasers of its time and programs.

The general pattern of sponsor thinking, as it presently emerges for the coming season, is at loggerheads with the thinking of viewers like myself.

The majority of sponsors appear to want giveaways, quizzes, filmed melodramas and "big name" star shows. Their thinking is based on past successes.

The majority of viewers with money in their pockets, I believe, want a wide variety of good dramas and musicals, of programs that provoke thought and evoke emotions.

Only the passage of time and viewers themselves will reveal what the public expects of commercial television.

Meanwhile, the networks stand in the middle.

## Cliborn Wins In Hollywood

Critics Awed by New  
Conquering Pianist

HOLLYWOOD (AP)—Van Cliborn has come and conquered Hollywood, just as he did the Soviet Union.

Last week the youthful Texas pianist played an unprecedented two successive performances at the Hollywood Bowl. The concerts drew a total of 38,000 customers, and Van was paid \$10,000 for each performance.

The critics were swayed too. They raved over Cliborn's rendition of Tchaikovsky's concerto, which he played in winning the Soviet contest. And they were unrestrained in their enthusiasm for his Rachmaninoff J Minor Concerto the second night.

Commented Albert Goldberg of the Los Angeles Times: "... A magnificent performance of what is probably the most difficult of all concertos."

Before departing for a New York concert at Lewisohn Stadium, Van paused to reflect on his meteoric career. Does he feel the danger of becoming a flash personality?

"Very definitely," he replied. "There are flash personalities in any line of endeavor, and I've got to see that it doesn't happen to me."

"For that reason, I have tried to cancel everything for the next two months. I've got to get off the treadmill that I've been on, exciting though it has been, and devote some thought to my future."

"You can't keep driving all the time. As somebody said, you need some time to twiddle your thumbs and gather your forces. I plan to devote at least seven days to nothing but twiddling my thumbs."

Though he was proud of his Bowl fee, Van said he wasn't overly interested in money.

"That's not what I'm after," he said. "There are so many things more important than money. Money is actually the easiest thing to achieve. You've got to plan for the future. You can't put juice back in a squeezed lemon."

The pianist declared his affection for California on his first visit here, but added that his future dates preclude returning for a year and a half. Next year he expects to spend up to three months touring the Soviet Union, including Siberia, and two months on a tour that may take him to Portugal, Yugoslavia, Poland, Bulgaria and Romania.

Australia is often called the land of living fossils. It is the home of the world's only egg-laying mammals and most of the surviving marsupials.

TOKYO STYLE—This new type telephone, with the dial built into the receiver, is in use in Tokyo. A company in Sweden builds set, called "Ericofon".

If for no other reason than sheer numbers, the entertainment at the 1958 Ohio State Fair, Aug. 22-29, at the Fairgrounds in Columbus promises to be the finest in Fair history. A total of 16 acts will entertain fairgoers in afternoon and evening shows in the Coliseum and Grandstand. But quality is much in evidence as the roll-call is sounded. Starting clockwise in the upper left hand corner are Sky King & Penny, Dean Martin, Lennon Sisters, Erin O'Brien, Ted Lewis, The Vagabonds, Gabby Hayes, Lee Castle, Johnny Cash, Ben Alexander, Tommy Sands, Dennis Day, George Gobel, June Taylor Dancers, Smiley Burnette and Molly Bee.

## The Middle East Uncensored

# Nasser Has Headaches Too In Current Mideast Crisis

By WILLIAM L. RYAN  
AP Foreign News Analyst  
Gamal Abdel Nasser has headaches, too.

The Arab East's noisy turmoil gives the impression that the United Arab Republic President is riding the crest of an all-engulfing wave. But there are shoals ahead.

In the bustling northern cities of what now is Nasser's Syrian province there was dancing in the streets at the news of the July 14 coup in Iraq.

Did that please Nasser? Not altogether. In his July 23 Cairo speech Nasser went out of his way to be sharply critical of northern Syria.

Here was the rub:

The Iraqi coup was a revolution by nationalists — perhaps even extreme nationalists. But was it wholly a Nasser revolution? The man who led it, Brig. Gen. Abdul Karim Kassem, by his own account had plotted revolt against Premier Nuri Said's rule ever since 1934, 18 years before he ever heard of Nasser. Those who supported the revolt owed Nasser little if anything for its success. Indeed, its suddenness seemed to have caught Nasser by surprise.

Naturally Nasser pictured the Iraqi revolt as a personal triumph. Yet he must have had some serious misgivings about the future.

Many Syrians, after passionately pursuing total union with Egypt, suddenly found themselves restive under Nasser's rule. There had been well founded reports of anti-Nasser manifestations in northern Syria, whose practical businessmen chafed at what they considered the U.A.R.'s economic madnesses.

The northern Syrians showed only that they were pro-Iraq. A cherished dream seemed within their grasp: union with Iraq.

This could mean trouble for Nasser.

Iraq has great oil and mineral wealth. She has an oil-financed economic development program well under way. Syria's economy remains sound. Politically Syria is far more sophisticated than Egypt. And Egypt has little but Nasser.

Syria and Iraq together in the U.A.R. surely would overbalance the Egyptians and eventually dominate the union.

What does this mean to the West? For one thing, it offers some assurance that, barring grotesque Western blunders, oil will continue flowing from the Persian gulf and through Iraq Petroleum Co. pipelines. There are good reasons for expecting this.

The Iraqis will continue to want the Western foreign exchange from their oil production. They are aware, too, that Western Europe can do without Iraqi oil if necessary, so long as Kuwait's vast production potential is available. So nationalization of Iraq's oil producing facilities might prove a boomerang.

But one of Nasser's major goals has been to get his hands on some of the oil revenues from the "have-not" Egypt. How does he hasten this without bringing Iraq into the U. A. R. and ce-

dangerous Egypt's pre-eminence in the union?

Nasser has other troubles too. The momentum his movement gained by events of the past three months will be lost if he stands still now. But can he afford another major explosion under his auspices?

Nasser has enemies in his own country. He is less popular with Egypt's literate population than he is outside. Egypt's economy is in a sorry mess which has required her to pay a bonus on the Egyptian pound in foreign transactions. On the political side, many of Nasser's own supporters fear communism and dread further involvement with the Soviet bloc.

Equally important, many Arabs clearly were shocked by realization that recent events could make the Middle East the cockpit of World War III.

Nasser can ill afford new explosions now. But neither can he afford to halt his violent propaganda, even now pouring into psychotic little Jordan. Probably

only the arrival of British troops saved the life of King Hussein, and their departure surely would mean a new blowoff.

A Soviet aim is to keep the Middle East in turmoil and off balance.

If Nasser tries to profit from Soviet aims, he may build up forces which eventually will destroy him. If he does not attempt to profit from Soviet purposes, he risks losing the momentum he has created and the support of the more impatient nationalists of Jordan and the Saudi peninsula.

Nasser's dilemmas may point a course. Western diplomacy could attempt to understand the paradoxes of the Arab East. It could seize the opportunity to give the more moderate nationalists something tangible to grasp in the way of support for their reasonable aspirations.

England has an underwater television camera which can bring up, via remote control, very good pictures from a depth of 1,000 feet.

## 228TH SALE NIGHT HOLSTEIN AUCTION

At our farm on U. S. 42, halfway between Delaware and Plain City, Ohio, 4 miles north of New California.

TUESDAY, AUGUST 12TH

7:30 P. M.

LUNCH AVAILABLE

75 HOLSTEIN COWS AND HEIFERS 75

REGISTERED AND GRADES -- FRESH AND SPRINGERS

The time of the year has arrived when we feature our specialty. Half of this offering will be First calf heifers, both registered and grades. High quality and the best of breeding. The balance of this auction will be young cows, which will meet our rigid requirements for type and production.

Our aim for these first calf heifers is, that someday they will develop attractive R.O.P. records, and classify Very Good and Excellent. Real Show prospects!

BASE MILK AUTOMATICALLY HIGHER.

FREE DELIVERY

All cattle delivered free within a radius of 150 miles, excepting baby calves, unless purchased with adult cattle.

Calves sold separately and guaranteed one week. Four generation pedigrees and registration certificates furnished. State Laboratory tested and guaranteed 10 day negative retest. Nearly all are calfhooed vaccinated.

Guaranteed to be as represented.

For complete information regarding Auction and Private Sales, contact Henry or Robert Conklin.

## Why Must Wives Forever Pick Up after Husbands?

By DOROTHY ROE  
Associated Press Women's Editor  
Husbands, sons and lovers lead harrowing lives, in the opinion of many male critics. After reading a file of current periodicals, one might conclude that America is developing a race of woman-haters.

The U. S. female is accused consecutively of making sissies out of her sons, of dominating her husband, of driving her menfolk to early graves, of demanding minks automobiles and diamonds in return for her affection, of idling away her days in beauty shops and at bridge clubs, of being spoiled, selfish and generally unbearable.

Comes now John Fischer, editor in chief of Harper's magazine, who finds a new bone to pick, in an article entitled "The Non-sexual Behavior of the Human Female." He says all the Kinsey reports on sexual behavior are a waste of time, because most adults know all about such things anyway. It's the other traits of females which deserve study, in his opinion.

All women are deciduous, says Fischer. That is, they shed gloves, lipsticks, handbags and handkerchiefs like a tree sheds leaves, and men must spend a large part of their lives picking up after them.

This observation is no doubt well taken. Women often do have the habit of leaving a trail of small objects in their wake. But what about men?

Any wife will testify that much of her day is spent gathering up

her husband's socks from under the bed or on top of the television set, removing his soiled shirts from the closet floor and putting them in the laundry hamper, collecting assorted trousers and shorts from the corners of closet doors and hanging them where they belong, collecting the cuff links, lighters, matches, empty cigarette packages, soiled handkerchiefs and tie pins he sheds about the house as he makes his way from the front door to the bedroom to change clothes when he gets home from work.

Yet women keep on marrying these untidy males, and men keep on courting these deciduous women.

And the reason must be that they love each other, despite surveys, statistics and editorial heckling.

## Huge Atomic Sub Set for Launching

GROTON, Conn. (AP) — America's largest submarine—the nuclear-powered Triton—will be launched here Aug. 19.

Her builder, announcing this today, said the Triton will be the first vessel in history to use two atomic reactors for propulsion.

The 447-foot, 5,900-ton ship also will be the country's first nuclear-powered defense submarine.

The Triton is a radar picket submarine, built as a floating electronic island able to detect enemy planes, missiles and underwater vessels.

The Triton is designed to stay on station permanently. Her power units will supply enough power to last for two or more years. Her speed and operating depth are classified.

Iceland was first colonized by Irish monks in the year 875. It belonged to Denmark; became a free republic in 1944.

# Burdette Magic Halts Pirate Rush In NL Flag Chase

By THE ASSOCIATED PRESS  
All it took was a little dose of Lew Burdette magic to cool off the Pittsburgh Pirates as National League pennant contenders.  
Although the Milwaukee right-hander allowed 10 hits, he maintained his old spell over the Pirates in a 6-1 victory Tuesday night that restored the Braves' five-game lead over San Francisco.

## Shoe May Garner 58 Honors as King of Jockeys

By THE ASSOCIATED PRESS  
Willie Shoemaker, well on his way to dethroning Bill Hartack as the nation's leading jockey, may also wind up with the distinction of being the pilot of the horse of the year now that Bold Ruler has been retired.  
Shoemaker, who ran his pace setting total victories to 196 with four winners at Arlington Park Monday, has been named Round Table's jockey for the remainder of the year. Shoemaker also is the regular rider for Gallant Fox. That will present a problem if and when the pair meet.  
Gallant Man and Round Table moved front and center as the leading candidates for the horse of the year honors when Bold Ruler, 1957 winner, turned up with an inflamed ankle Monday at Saratoga Springs, N.Y.  
Sunny Jim Fitzsimmons, the Ruler's trainer, immediately announced the retirement of the 4-year-old Wheatley Stable ace.

## Federals Win, 11-4, From Thunderbirds

The unofficial series in the Little League World Series game at Wilson Field Tuesday night is Federals 11 and the Thunderbirds 4.  
Roger Taylor was on the mound for the Thunderbirds.  
Lineups were not available.

LADIES  
LADY IN WEIGHTING - While waiting to tee off in her round (and we do mean round) of golf during a tourney at Kansas City, Kan., this contestant makes herself comfy on a one-legged stool, which seems to be bearing up reasonably well under its heavy responsibilities.

# Temple Paces Redlegs to 6-5 Victory

CINCINNATI (AP)—The leading hitter for Cincinnati's Redlegs today is a fiery, tobacco-chewing little infielder with a knack for belting singles in the clutch—John Temple.

His three-for-four performance Tuesday night sparked the Redlegs in a come-from-behind 6-5 victory over Philadelphia's Phils. It set his average at .296.

And the wiry, 163-pound second baseman was in on the big rallies. That's because he is a leading producer of what Manager Birdie Tebbets calls "productive hitting"—those delightful singles and doubles that keep a rally going.

Frankie Robinson's ninth-inning clutch double scored the two runs that sealed the victory. Temple, who had doubled, came in with the tying run.

In the seventh inning when the Phils finally broke through Jack Sanford's pitching for two runs, Temple got the rally started with a single. Then Jerry Lynch belted a homer, his eighth this season.

In the decisive ninth, an error by Ted Kazanski put Walt Dropo safe on first base and Temple's double followed.

That's when Dick Farrell took over the Phils' pitching. He got Lynch and Bob Thurman to pop out. But first sacker George Crowe belted a run-making single and then came Robinson's big double.

## Hobbles Pitching Blanks NCR, 14-0

Bill Hobbles was right in form Tuesday evening when he handcuffed the NCR boys with two hits as his team blanked them 14-0 in a Men's Softball League game at Community Park Tuesday evening.

Because Paint Creek had sloshed over the diamond in a belated rise Tuesday and left it too muddy for use, the game was played on the grass "auxiliary" field.

Hobbles was the complete master of the situation. Only three NCR boys reached base.

Meanwhile, the Hobbles were combining 11 hits with five NCR miscues to romp to an easy win. Ron Wilt led the attack with four for four.

Team	AB	R	H	E
NCR	25	0	3	1
Hobbles	25	14	11	1

## Liston, Bethea Slated for Bout

CHICAGO (AP)—Philadelphia's Sonny Liston goes after Wayne Bethea of New York and his 12th heavyweight victory in a row tonight at Chicago Stadium.

The 10-round bout will be nationally televised (ABC-TV). Liston, 26, is seeking his 19th triumph in 20 bouts and has scored four victories this year. Ten of his victims have been knocked out.

Betha is 25 and has a 17-8-2 record including 6 knockouts. He has beaten such fighters as Harold Carter and Paul Andrews.

## Cincy Royals Get Four from Hawks

CINCINNATI (AP)—Cincinnati's pro basketball Royals have mortgaged a prime future draft choice to get four sorely-needed players from the St. Louis Hawks.

Three players are familiar to Ohioans. Jim Palmer, 6-foot-8 rebounder starred for Dayton; Wayne Embry, 6-foot-8, was the big spark for Miami of Ohio, and Ken Sidle, 6-foot-5, was an Ohio State standout. The Royals also get Darrell Floyd, scoring leader for Furman, who has been in military service.

But the Royals promised St. Louis its No. 2 draft choice next year or a player to be agreed upon.

# SPORTS

The Record-Herald Wednesday, Aug. 6, 1958 17  
Washington C. H. Ohio

NEW INDIAN - Randy Jackson, a nine-year veteran at third base, was purchased by the Cleveland Indians in a straight waiver deal with the Los Angeles Dodgers. The 32-year-old veteran broke in with the Cubs and went to the Dodgers in 1955.

## Community Park Games Resumed

Now that Paint Creek has gone back in its banks after Tuesday's belated high water, sports for adults will be resumed at Community Park Wednesday evening.

The FOPA and Washington C. H. softball teams will meet on the regular men's field near the Oakland Ave. entrance and the Ohio Bell and Med-O-Pure teams will tangle on the field usually used by the girls softball teams.

Meanwhile, over on the hard surfaced court, there will be a basketball game between the quintets led by Hank Anders and Jack Biddle.

## Australian Tennis Ace Takes Beating

SOUTH ORANGE, N. J. (AP)—Australian ace Ashley Cooper took a second round 6-3, 6-3 drubbing Tuesday from John Cranston of San Marino, Calif., in the Eastern Grass Court Tennis Championships.

Cranston is ranked 29th in the United States. His easy victory over Cooper, the Wimbledon and Australian champion, had officials asking questions about the poor showing of the boys from down under.

One theory is that the Aussies are having a tough time getting accustomed to playing on grass after spending most of the summer on European hard courts. Another is that they are just experiencing a general let-down along the tournament trail.

## Jets and Kernels End Game in Tie

The Kernels and Jets went at it hammer and tongs for six innings of their Little Major League game at Wilson Field Tuesday evening, and when time ran out on them they were deadlocked at 5-5.

The game will be finished later, but the date for the play-off has not been set yet.

The Kernels scored one in the first inning and four in the second. The Jets tallied twice in the second frame and then evened the score in the fifth with five more runs.

## New Holland Forfeits Its Babe Ruth Game

New Holland forfeited to Jeffersonville Tuesday night in the Babe Ruth League.

The game was slated for Rossmann Field. The New Holland manager, Doc Thacker, said that he didn't have enough players for the game and that he called it off.

Sam Byrd, former New York Yankee outfielder, finished nine strokes off winner Gene Sarazen in the 1958 PGA Seniors tournament at Dunedin, Fla.

## Boxer Holds On to Job On Sidelines

NEW YORK (AP)—It's nice to be ranked among the world's 10 leading middleweight contenders but a ranking by itself doesn't put too much meat on the table.

That's the way Gene (Ace) Armstrong sizes up his position today. He's holding on to his job as a packer with Linden, N.J., liquor concern.

"I'm too young to retire and getting too old for this kind of work," said Gene. "But I've got a wife and two kids and fighting isn't bringing in enough money to keep us going."

Armstrong is a lean, 26-year-old 160-pounder who has won all 14 of his fights in three years of fighting for cash.

Now ranked ninth by the NBA, he gets his big break Friday night when he faces rugged Rory Calhoun of New York in the television headliner at Madison Square Garden. That should earn him about \$5,000, including the \$4,000 TV fee. His biggest purse to date has been about \$1,500.

A victory over Calhoun, ranked sixth by the NBA and eighth by Ring, could move Armstrong up the ranking ladder and put him in line for some lucrative fights.

## Good Hope Wins Babe Ruth Game

Although Reisinger was nicked for 6 hits by the Seals, he tightened up in the pinches and kept them scattered and his Good Hope team went on to win a Babe Ruth League game, 10 to 2, at Good Hope Tuesday evening.

The Good Hope outfit got only two more hits than the Seals, but they got them when they counted most.

Both teams played fairly clean ball in the field. The Seals made two errors and the Good Hope boys three.

Team	AB	R	H	E
GOOD HOPE	25	10	8	1
Seals	25	2	6	2

## 'Cram Course' Hard on Carpenter

HIRAM, Ohio (AP)—Lew Carpenter is finding the "cram course" he's taking at the Cleveland Browns' football training camp a bit rough. But he agrees it's better than a year ago when he joined the club after the team had played two league games.

The hard-running halfback came to camp a few days ago after military service. The Browns obtained him in a trade with the Detroit Lions last season and he eventually took over the first-string halfback job.

Carpenter then became the club's third best ground-gainer with 313 yards rushing in 83 carries.

He developed blisters on his toes Tuesday in his efforts to catch up with what he's missed. Coach Paul Brown is giving Carpenter a few plays a day to reacquire him with the system.

## 'Hope Pitcher' Wins Tilt For Indians

DETROIT (AP)—Cal McLish calls himself a "hope pitcher."

"I hope I have good stuff, I hope they don't hit me hard and I hope I get enough runs," said the Cleveland right-hander.

McLish had plenty of everything Tuesday night, scattering seven Detroit hits in a 6-1 triumph. Moreover, it was the eighth time in his last nine decisions that the Oklahoma-born pitcher has come out on top.

His success started June 25 when Joe Gordon replaced Bobby Bragan as manager of the Indians. Bragan thought McLish could not beat the big clubs, so he did not start him against the New York Yankees or against Boston in the Red Sox home park.

The first thing Gordon did was to make McLish a full-time starting pitcher. McLish now is the No. 1 man on the Cleveland staff and largely responsible for the team's recent surge that has carried the Indians into fourth place.

His only loss since Gordon took over was a 12-inning heartbreaker to Washington.

McLish has an 11-6 record, best on the staff. His earned run average of 2.79 is one of the finest among Tribe starters.

Bragan, now managing in the Pacific Coast League, wrote McLish a week or two ago congratulating him on his success. Bragan wrote, "I am the first to admit I was wrong about Calvin McLish."

His teammates say McLish's success can be attributed to his amazing memory about what pitches certain batters hit—even as far back as two or three seasons.

"It's just a gift, I guess," he explained. "I can remember just what they hit off me all the time. Doesn't do much good, though, if you don't have good stuff."

## Jetette Girls, Win Despite Handicap

The Jetettes, although handicapped by having only seven players, came through with a 17 to 3 win over the Dames in a Girls Softball League game Tuesday evening.

The diamond in Community Park did not dry out sufficiently after the belated flood of Paint Creek in the morning and the game was moved to the grass field at Gardner Park.

Carol Garrison, pitching for the Jetettes, held the Dames to five hits. Jetettes collected 18 which they converted into 17 runs.

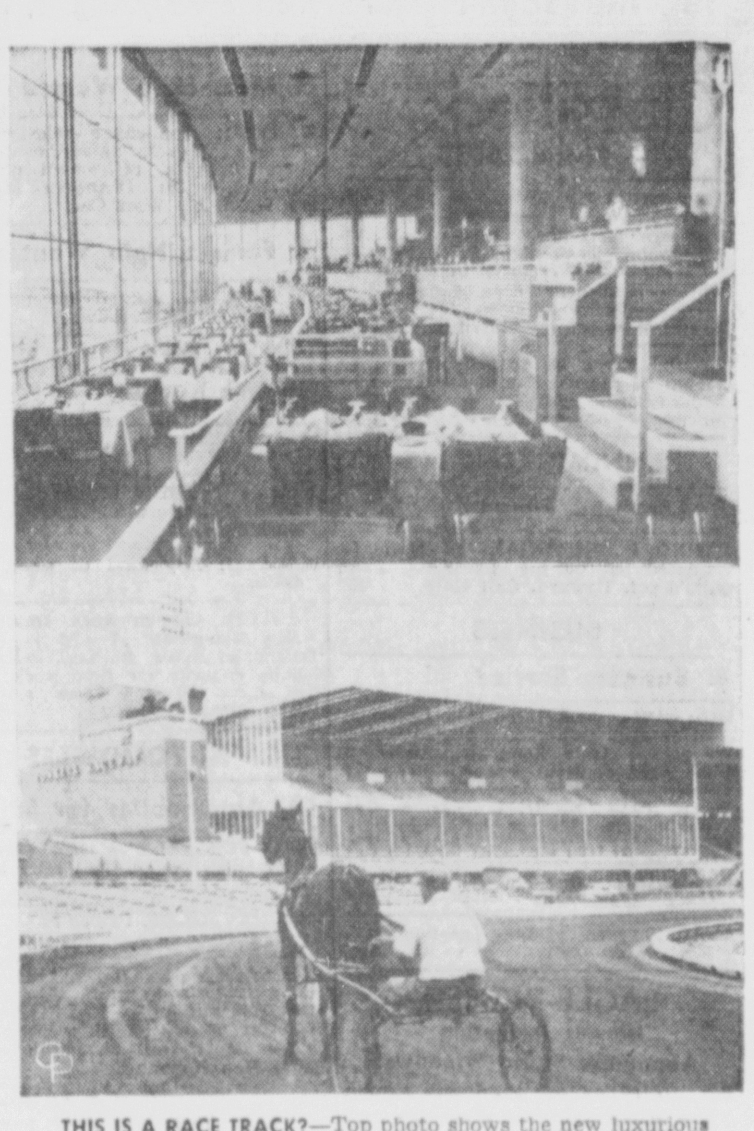

It was a nip and tuck game until the sixth inning when the Jetettes tallied nine runs to sew it up.

Team	AB	R	H	E
JETETTES	25	17	18	9
DAMES	25	3	7	1

## College Basketball Scheduled on TV

NEW YORK (AP)—College basketball will be televised nationally on a Saturday afternoon game-of-the-week basis starting Dec. 14. The National Broadcasting Co. said today that the college telecasts would replace the pro basketball series which had been switched previously to Sundays.

The schedule of games has not been drawn up, but the network says it is planned to televise from as many sections of the country as possible.

THIS IS A RACE TRACK?—Top photo shows the new luxury Empire Terrace club house dining area of Yonkers, N. Y. Raceway, with its "track in the lap" view for some 1,200 diners. Lower photo shows The Brewer, one of the paces competing there, stopping during a morning workout to gaze in awe at the new building, erected at a cost of \$18 million.

## 231 Entries Ready To Vie For Lush Publinx Prizes

SPRINGFIELD, Ohio (AP)—Ohio's public links golfers were practically in a prize-filled paradise here today.

Nothing like the 25th state championship race has ever happened to the gang of public course "hackers" who usually play for peanuts in their annual free-for-all.

This silver anniversary 72-hole medal play classic has an unprecedented prize list. The biggest field in its history—231—goes after the \$3,500 in merchandise in Thursday's opening round. Another 18-holer is scheduled Friday, with the 36-hole stretch Saturday.

In the championship race the first to score a hole-in-one on the 160-yard 10th hole gets a new station wagon. A hole-in-one on the 165-yard 12th is good for a full set of clubs.

At least 20 trophies, including the Sylvanus P. Germaine cup emblematic of the title, will be awarded. All 60 players in Saturday's final rounds are due to receive a prize of some kind.

The Springfield committee has arranged a banquet at a downtown hotel Thursday night.

Each player, who pays a \$10 entry fee, will be identified for galleries through new bag tags, playing numbers and loud speakers. All four rounds will be carried on radio and portions will be televised.

Each entrant gets a free daily paper with the scores. Each also get transportation to and from practice ranges, no free swings being allowed on the crowded 6,174-yard, par 71 Snyder Park battle-ground.

Driving and pitching contests, with a host of prizes and no entry fee, will be held following Friday's round.

Adding a bit of frosting to the cake was today's pro-amateur best-ball event. Some 40 professionals, including two former public links champions, each team up with three amateurs for a crack at four glamorous prizes. The top four professionals will split up \$700 in cash, while \$700 in merchandise goes to the amateurs.

Don Nist of Canton, the defending king, and seven other former champions are in the tournament's huge field. They include Jay Krochmalny of Toledo, who won just 20 years ago while serving as bartender at the host Sunningdale course in Toledo; Dick Ryan (1941), Cliff Rhein (1952) and Dave Daniels (1953), all of Columbus; Jack Zimmerman of Dayton (1950 and 1954); Ralph Schneider of Cleveland (1949), and Len Pietras of Toledo (1956).

In today's pro-amateur were Val Chivaverini of Toledo, the tournament's only three-time winner who turned pro after his 1942, 1947 and 1948 conquests, and Mel Carpenter of Columbus, now a professional after winning in 1933 and 1934.

## 15-Year-Old Scores Golf Meet Upset

CHICAGO (AP)—Patti Shook, a 15-year-old from Flint, Mich., faces Carol Mann of Olympia Fields, Ill., today in the Women's Western Junior Golf Tournament after upsetting Judy Eller of Old Hickory, Tenn.

Miss Eller, the U. S. junior champion and three-time Tennessee state champion, was ousted, 2 and 1.

# Air Force Busy Proving Life Exists in Space

Proof of life on the planet Mars. An Air Force laboratory technician examines sealed jar containing bacteria, flourishing in an "atmosphere" like that of Mars. Air Force scientists say living bacteria indicate "higher forms of life" may exist on the red planet, even intelligent animals like Earth's humans. Two Air Force scientists will get a closer look at Mars this November from a 16-inch telescope, carried up 85,000 feet by a big balloon.

By REX STANLEY

There's no longer any reason to doubt there is life on at least one planet beyond the Earth. The Air Force is busy proving it exists.

Right now, at the Air Force Space Medicine laboratory, Randolph, Tex., bacteria are alive and growing in sealed jars labeled "Mars." The jars contain "atmosphere" — water vapor, carbon dioxide and little oxygen — duplicating that believed to be on Mars.

The same bacteria, hardy strains from our own deserts, could live and flourish on the "canaled" planet, 35 million miles away.

"Since bacteria can live on Mars," say Air Force scientists, "higher forms of life, from plants to intelligent animals (like Earth's humans), may exist there, too." They point out, "We must not assume life on other planets needs our same atmosphere to flourish. There may be abundant life in entirely different chemistry and surroundings."

THE AIR FORCE, racing against time and Russian science, is mainly interested in planets like Mars as bases for future military space operations. However, if men can exist there without much artificial help, there's a good chance other "higher animals" are already there.

To learn more about longstudied Mars, famous Air Force balloonist Cmdr. Malcolm D. Ross and Prof. John Strong, astrophysicist of John Hopkins university, will watch the planet from a 16-inch telescope, carried up 85,000 feet by balloon.

Their ascent will be in November, when Mars is closer to Earth than at any time during the next 15 years.

The little bacteria that live in the "Mars air" of the Air Force laboratory seem to prove another exciting theory: tiny life spores exist in space itself, and are carried from planet to planet by light pressure from the Sun and other stars.

### DAILY CRYPTOQUOTE

Here's how to work it:

AXYDLBAAXR  
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

ZM TWIZ DSM DVJDS, WID IWGP  
NP DSM VMLCIW, NJD NP DSM  
SMLVD-KLCULG.

Yesterday's Cryptogram: OBSTINACY IN A BAD CAUSE  
IS BUT CONSTANCY IN A GOOD-BROWNE.

### Watch that First Step

DENVER, Colo. — A Denver ordinance declares it is illegal to "board or leave any aircraft while it is in the air."

Authorities say it was probably designed to prevent air carnivals and practice parachute jumps over Denver.
